HOW TO USE THIS TEMPLATE

1. Open this template in Illustrator, Photoshop, Canva, Procreate, Affinity, or any design app.
2. Arrange your design files inside the teal dashed area.
3. Leave 0.25" of space between designs for cutting.
4. Use PNG with transparent backgrounds when possible.
5. Use 300 DPI at final size for best print quality.
6. Export your final layout without the template or artboard visible
7. Export your final layout as a PDF or flattened PNG.
8. Upload it at barrelmakerprinting.com/df
— we'll print and ship it same-day (before 2pm CST).
